## Corporate governance code of practice

■ A new code of practice which will assess Irish organisations' compliance with corporate governance standards will be published today by the Institute of Directors and the National Standards Authority of Ireland.

The document – *SWIFT 3000: 2010 Code of Practice for Corporate Governance*

*Assessment in Ireland* – is the first code to award certification to Irish companies which meet the required standard of corporate governance.

All organisations in Ireland, from State bodies to mid-sized and large private companies, will be eligible to apply for the certificate.
